Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 10 a.m. Monday, January 5, in the board room, Kansas Department of Agriculture, Mills Building, 901 S. Kansas Ave., Topeka, to consider the adoption of a proposed rule and regulation of the Kansas Department of Agriculture (KDA).

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rule and regulation. All interested parties may submit written comments prior to the hearing to the Secretary of Agriculture, 901 S. Kansas, Topeka, 66612-1280. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulation during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Derenda Mitchell at (785) 296-3848 or the Kansas Relay Center at 1-800-766-3777. Handicapped parking is located at the north end of the Mills Building, and the east entrance (Kansas Ave. side) to the building is accessible.

A summary of the proposed regulation and its economic impact follows.

K.A.R. 4-7-213a. This regulation, which is proposed on both a temporary and a permanent basis, will reduce the maximum somatic cell count permitted in producer herd milk (cow milk only) from 1,000,000 to 750,000 per ml for manufacturing grade dairies.

In addition, the regulation reduces the maximum permissible bacteria count in producer herd milk from 1,000,000 to 500,000 per ml for manufacturing grade dairies. The maximum permissible bacteria estimate in commingled milk, the combined milk from more than one manufacturing grade milk producer, is reduced from 3,000,000 to 1,000,000 per ml.

The regulation explicitly sets out the new upper limits for somatic cells and bacteria in manufacturing milk in order for manufacturing producers to more easily identify the new limits. The regulation sets standards which are consistent with the most recent version of the model requirements for manufacturing grade milk maintained by the Agricultural Marketing Service of the USDA. These standards promote, through state adoption and enforcement, uniformity in state dairy laws and regulations relating to manufacturing grade milk.

The proposed regulation is not mandated by federal law as a requirement for participating in a federally sub-

sidized or assisted program.

The proposed regulation conforms to Kansas Law regarding rules and regulations to be adopted by the Dairy Commissioner and the Secretary of Agriculture.

Economic Impact

The training and orientation of KDA employees with regard to the regulation will be accomplished as a part of routine program operation at no additional cost. No direct or indirect costs to other governmental agencies or units are anticipated.

No direct or indirect costs for private citizens are anticipated. The private citizen as a consumer of milk and milk products should experience no increased costs and should benefit from having milk and milk products of high sanitary quality available in Kansas.

The owner/operator of a Grade A or a manufacturing dairy will bear most of the direct cost of this regulation.

No increased direct or indirect costs are anticipated for the owner/operator of a Grade A dairy. The owner or operator of a Grade A dairy whose milk does not meet the Grade A standards has had an option in the past to sell its milk as manufacturing grade provided that it met the standards for manufacturing milk. Given the new standards, some Grade A producers finding themselves in this situation following the adoption of this regulation may be required to dispose of their milk since it may no longer satisfy the manufacturing grade standards.

The owner/operator of manufacturing dairies will experience increased costs where the milk produced at the owner/operator's dairy fails to meet requirement and

must be "dumped" or disposed of as a result.

No other methods were considered by the Kansas Department of Agriculture for achieving the stated purpose of this regulation, since the purpose of the regulation was to maintain the quality and sanitation of manufacturing grade milk from the dairy through production and processing at a level consistent with surrounding states. The levels established in the regulation promote uniformity in state laws and regulations relating to milk and dairy products.

This regulation will not increase nor decrease revenues of cities, counties or school districts. It does not impose functions or responsibilities on cities, counties or school

districts.

Copies of the proposed regulation and the associated economic impact statement may be obtained from the Legal Division, Kansas Department of Agriculture, First Floor, Mills Building, 901 S. Kansas Ave., Topeka, 66612-1280, (785) 296-3848.

Project No. 106 AV-0001-01 Statewide :

The scope of services is to provide new or updated airport layout plans (ALPs) for six general aviation airports in Kansas: Abilene Municipal in Abilene; Eureka Municipal in Eureka; Norton Municipal in Norton; Stanton County Municipal in Johnson; Trego-WaKeeney in WaKeeney; and Chanute Martin Johnson in Chanute. A single consultant will be selected to prepare the six ALP updates. The consultant will prepare a narrative report and new CADD-generated plan drawings for each airport in accordance with Federal Aviation Administration (FAA) Advisory Circular 150/5300-13, Airport Design. The consultant will be required to provide copies of the draft ALP materials for review and approval by each of the six airport sponsors, the Kansas Department of Transportation, and the FAA. The consultant will be required to ensure that all items on the FAA Central Region Airport Division ALP checklist have been appropriately addressed.

This project is scheduled to take up to one year to complete. The project is to be managed by the Kansas Department of Transportation. Funding for the project will be provided under an aviation system planning grant received by the Department of Transportation from the FAA. The approved DBE goal for this project is not less than 10 percent of the federal funds authorized for the proposed project. The consultant who is awarded the contract will ensure that disadvantaged business enterprises, as defined in 49 CFR Part 23, have the maximum opportunity to participate in the performance of the proposed project in order to meet or exceed the stated DBE goal.

It is KDOT's policy to use the following criteria as the basis for selection of the consulting engineering firms:

Revenue Ruling 19-1997-3

Issue: Application of Kansas Retailers' Sales Tax on Sales of Trailers for Farm and Ranch Use Relevant Statutes: K.S.A. 79-3606(t), K.S.A. 8-126(z)

The purpose of this revenue ruling is to clarify the taxation of trailers acquired for farm and ranch use.

Trailers may be exempt from retailers' sales tax as farm machinery and equipment. In order to be exempt, the trailer must be purchased for use only in farming and ranching, per K.S.A. 79-3606(t). The trailer also must be designed to allow for farm or ranch use, per K.S.A. 8-126(z). The purchaser must sign an affidavit certifying that the trailer will be used only in farming or ranching. It should be stressed that any other use would disqualify the trailer for exemption. Disqualification of the exemption would subject the purchaser to the retailers' sales tax, penalty and interest on the original purchase amount.

Anyone who has questions or wishes to discuss this ruling may contact the Taxpayer Assistance Bureau, Kansas Department of Revenue, Topeka, 66625-0001, (785) 296-0222.

(Authorized by and implementing K.S.A. 1996 Supp. 74-8710; effective, T-111-3-5-92, Feb. 21, 1992; amended, T-111-3-24-92, March 20, 1992; amended, T-111-10-27-97, Sept. 12, 1997.)

111-5-28. Prize payments; annuitized and cash prizes. (a) Grand prizes shall be paid at the election of the player made at the time of the play purchase with either a per winner annuity or cash payment. Shares of the grand prize shall be determined by dividing the cash available in the grand prize pool equally among all winners of the grand prize. Winner(s) who elected a cash payment shall be paid their share(s) in a single cash payment. The annuitized option prize shall be determined by multiplying a winner's share of the grand prize pool by the MUSL annuity factor. The MUSL annuity factor is determined by the best total securities price obtained through a competitive bid of qualified, pre-approved brokers made after the prize win. In certain instances announced by the product group, the grand prize shall be a guaranteed amount and shall be determined pursuant to subsection (f) of K.A.R. 111-5-28. If the player fails to elect a payment method at the time of purchase, the sy tem will automatically select the annuitized payment. I individual shares of the cash held to fund an annuity are less than \$250,000, the product group, in its sole discretion, may elect to pay winners their share of the cash held in the grand prize pool of the annuity. All annuitized prizes shall be paid annually in 25 equal payments with the initial payment being made in cash, to be followed by 24 payments funded by the annuity. Funds for the initial payment of an annuitized prize shall be made available by MUSL for payment by a party lottery by the fifteenth calendar day following the drawing. A state may elect to make the initial payment from its own funds after validation, with notice to MUSL.

(b) In the event of the death of a lottery winner during the payment period, the product group, in its sole discretion, upon the petition of the estate of the lottery winner to the Kansas lottery, may accelerate the payment of all of the remaining lottery proceeds to the estate. If the product group makes such a determination, then securities and/or cash held to fund the deceased lottery winner's annuitized prize may be distributed to the estate. The identification of the securities to fund the annuitized prize shall be at the sole discretion of the product group.

(c) All low tier cash prizes, which are all prizes except the grand prize, shall be paid in cash through the party lottery which sold the winning ticket(s). A party lottery may begin paying low-tier cash prizes after receiving authorization to pay from the MUSL central office.

(d) Annuitized payments of the grand prize or a shap of the grand prize may be rounded to facilitate the pu chase of an appropriate funding mechanism. Breakage on an annuitized grand prize win shall be added to the first cash payment to the winner or winners. Prizes other than the grand prize, which, under these rules, may become single-payment, pari-mutuel prizes, may be rounded down so that prizes can be paid in multiples of whole dollars. Breakage resulting from rounding these prizes shall be carried forward to the prize pool for the next

(e) If the grand prize is not won in a drawing, the prize money allocated for the grand prize shall roll over and be added to the grand prize pool for the following draw-

(f) The product group may offer guaranteed minimum grand prize amounts or minimum increases in the grand prize amount between drawings or make other changes in the allocation of prize money where the product group finds that it would be in the best interest of the game. If a minimum grand prize amount or a minimum increase in the grand prize amount between drawings is offered by the product group, then the grand prize shares shall be determined as follows. If there are multiple grand prize winners during a single drawing, each selecting the annuitized option prize, then a winner's share of the guaranteed annuitized grand prize shall be determined by dividing the guaranteed annuitized grand prize by the number of winners. If there are multiple grand prize winners during a single drawing and at least one of the gran prize winners has elected the annuitized option prize then the best bid submitted by MUSL's pre-approved

qualified brokers shall determine the cash pool needed to fund the guaranteed annuitized grand prize. If no winner of the grand prize during a single drawing has elected the annuitized option prize, then the amount of cash in the grand prize pool shall be an amount equal to the guaranteed annuitized amount divided by the average annuity factor of the most recent three best quotes provided by MUSL's pre-approved qualified brokers submitting quotes. In no case shall quotes be used which are more than two weeks old and if less than three quotes are submitted, then MUSL shall use the average of all quotes submitted. Changes in the allocation of prize money shall be designed to retain approximately the same prize allocation percentages, over a year's time, set out in these rules. Minimum guaranteed prizes or increases may be waived if the alternate funding mechanism set out in K.A.R. 111-5-26 becomes necessary.

(g) The holder of a winning ticket may win only one prize per board in connection with the winning numbers drawn, and shall be entitled only to the prize won by those numbers in the highest matching prize category.

(h) All prizes must be claimed within 365 days of the day of the drawing in which the prize was won. In the event the final day of the 365-day period falls on a Saturday, a Sunday or a state holiday, the claim period will be extended to 5:00 p.m. on the next business day.
